

Commercial Vaccine Network Requirements

Pharmacies administering vaccines, where allowed by state law, shall abide by all such applicable state and federal laws, regulations and guidelines governing the sale and administration of vaccines.

- To participate in the vaccine administration network, you must sign and return the Prime Commercial Vaccine Administration Exhibit B-16. Pharmacies that have not agreed to Exhibit B-16 are not eligible to submit online claims for the vaccine administration fee.
- The Exhibit B-16 provides for the Vaccine Administration Fee which is in addition to the Pharmacy Payment (including ingredient cost and dispensing fee) for those covered Vaccines which continue to be governed by the applicable Exhibit B, Rates and Terms.
- Pharmacy must submit the Vaccine claim to Prime electronically, which includes the applicable ingredient cost, dispensing fee and vaccine administration fee **as a single claim**.

Processing Requirements

- Pharmacy is required to utilize the DUR/PPS segment of the NCPDP telecommunications standard version 5.1 to be entitled to Pharmacy Payment for Vaccine Administration Services.
