

# Commercial Processing Update

## Blue Cross & Blue Shield of Rhode Island General Dispensing Processing Requirements for Naloxone Rescue Kit- Atomizer Coverage Included

November 1, 2018

Effective November 1, 2018, Participating Pharmacies are required to submit the following values below when submitting claims for Naloxone Rescue Kits for Blue Cross & Blue Shield of Rhode Island.

Blue Cross & Blue Shield of Rhode Island will provide coverage of Naloxone HCl prefilled syringe and an atomizer that constitutes a “Naloxone Rescue Kit”. This kit is an important part of a strategy to prevent opioid overdose deaths. This update is intended to support pharmacies in making access to Naloxone more available.

The additional reimbursement for the cost of the atomizer will allow pharmacies to maintain stocking of the less costly generic Naloxone injectable products to lower inventory carrying costs.

Naloxone Rescue Kit coverage is dependent upon the Covered Person’s benefit plan.

### For more information

- Pharmacy must submit the Naloxone Rescue Kit claim to Prime electronically (online), which includes the applicable ingredient cost, dispensing fee and incentive/administration fee as a single claim.
