

Effective September 1, 2018

Effective September 1, 2018, Blue Cross Blue Shield of Wyoming will begin a 4 month transition to a new claims processing platform. As a result, Wyoming groups will convert to the new claims system in a phased approach starting in September and concluding in January 2019.

Wyoming Covered Persons will receive new ID cards upon conversion and/or renewal. All Covered Person ID's will change as a result of this change. Covered Persons have been instructed to present their new ID cards when filling a prescription at a Participating Pharmacy.

Due to this change, a new Processor Control Number (PCN) for claims processing has been created and will need to be added to your pharmacy software system.

Processing Requirements

To ensure uninterrupted service to Participating Pharmacies and Covered Persons, please use the following information to set up your system prior to September 1, 2018.

BIN:..... 800001
