

PrimeCentral™

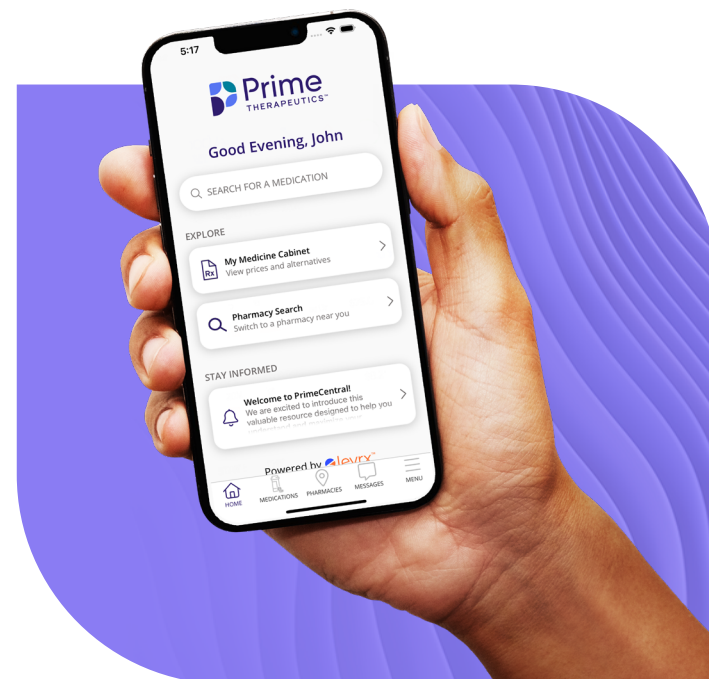

Providing a one-stop app for your employees

Our best-in-class mobile app is transforming the way employers and their employees engage with their pharmacy benefits, boosting savings and minimizing disruption.

Everyone wins

The PrimeCentral app provides intuitive access to all the info your employees need about their meds, right in the palm of their hands. Benefits include:

- ✓ **Real-time information:** Employees can get digital alerts about savings opportunities and benefit changes.
- ✓ **Universal savings:** Your employees get personalized savings based on your established formulary and chosen solutions. And they can easily view covered medicine options and pharmacy savings to get the best value.
- ✓ **Convenience:** Solutions like a digital ID card make life simpler for your employees (and reduce printing costs for you).
- ✓ **Simplicity:** PrimeCentral consolidates employees' pharmacy costs as well as prescription details and options, creating a one-step experience.
- ✓ **Happier, healthier employees:** Employees get a great experience while feeling empowered to take control of their drug costs and health, which promotes satisfaction and better outcomes.
